SUMMARY

Information Technology student with strong interest in data analysis, software systems, and application development. Experienced in building web and mobile applications using Java, Flutter, React.js, and MySQL. Familiar with database management, API integration, data handling, and software monitoring concepts. Possess strong analytical thinking, problem-solving abilities, and attention to detail. Eager to contribute and grow in an IT Telemetry & Data Analysis internship role.

PROJECTS

Registrasi Mahasiswa Baru — Student Registration Management System

- Built a web-based student registration application with admin verification features using MVC architecture.
- Implemented student registration workflows including form validation, captcha security, and status verification system.
- Developed admin dashboard features for managing applicant data, search functionality, and registration approval process.
- Technologies: Java, Spring Boot, Thymeleaf, MySQL, Tailwind CSS

Finexa — Personal Finance Tracker Application

- Developed a financial tracking application to monitor income, expenses, and budgeting activities.
- Designed and managed database structures using MySQL and Firebase for efficient data handling.
- Implemented expense tracking and spending analysis features to help users monitor financial habits.
- Technologies: Flutter, Java, MySQL, Firebase

Flowva — Personal Finance Management App

- Built a personal finance management app for expense tracking, budgeting, and financial analytics.
- Integrated Flutter frontend with Laravel API and PostgreSQL database.
- Developed authentication, transaction management, and analytics dashboard features.
- Technologies: Flutter, Laravel, PostgreSQL, Riverpod, Firebase, Dio

EDUCATION

Bachelor of Information Technology	2023 - Present
Jakarta International University	
• Major in Information Technology	

TECHNICAL SKILLS

- **Programming & Development:** Java, JavaScript, PHP, HTML & CSS, Flutter, React.js, Spring Boot.
- **Database & Data Handling:** SQL (MySQL), Firebase, Database Management, Data Query & CRUD Operations, Data Validation & Data Organization.
- **CertificationsTools & Technologies:** Git & GitHub, REST API Integration, Microsoft Excel (Basic Data Analysis, Filtering, Lookup Functions), OOP & MVC Architecture.
- **Soft Skills:** Analytical Thinking, Problem Solving, Attention to Detail, Team Collaboration, Communication Skills.

ADDITIONAL INFORMATION

- **Languages:** English, Malay, Japan.
- **Leadership & Organizational Experience:** Head of Volleyball Club - Jakarta International University, Dormitory Person in Charge (PIC) - Jakarta International University
